

Mid-Century Architecture Symposium

May 2, 2011

College of Environment + Design
UNIVERSITY OF GEORGIA

When: Friday, May 13 @ 8:30 a.m.

Where: The University of Georgia, Visual Arts Building 117 (285 S. Jackson Street, Athens, GA 30602)

Contact: Karah Hagins, 706-542-7772 or khagins@uga.edu

Click the “for more information button” below for the agenda and further information.

Join us for a symposium to explore the feasibility of adaptive reuse of mid-century architecture. Keynote speaker Jeanne Lambin, professor of historic preservation at Savannah College of Art & Design, will discuss the challenges facing owners of mid-century architecture. The opal of the seminar is to discuss and disseminate possible methods of evaluating architecture of the modern era. Also among the speakers are: Richard Kelso and Stanely Rabun, professors at the University of Tennessee, who will address the structure and building systems unique to mid-century architecture.

This event is sponsored by the Office of University Architects, the College of Environment & Design, the Board of Regents Facilities Office, and Athens-Clarke Heritage Foundation in collaboration with the State Historic Preservation Office.

Proceeds of this symposium will benefit the Founders Memorial Garden Endowment Fund.

When: Friday, May 13, 2011, 8 a.m.-4 p.m.

Where: The University of Georgia, Visual Arts Building 117 (285 S. Jackson Street, Athens, GA 30602)

Cost: \$69 per person (includes a fruit and pastry breakfast and southern style barbeque lunch)

Payment: Cash, Check, or Money Order.

Contact: Karah Hagins, 706-542-7772 or khagins@uga.edu

Agenda

8:00 – 9:00 a.m.

Registration & Breakfast

9:00-9:20 a.m.

Wayde Brown, introduction

9:20-10:30 a.m.

Jeanne Lambin, Keynote Speaker, Mid-Century Architecture Challenges

10:30-10:45 a.m.

Break

10:45-11:30 a.m.

Stanley Rabun, Mid-Century Architecture Structures

11:30-12:15 p.m.
